

# Casual Rope Leashes

The researched, solid construction of the rope leash is suited both for everyday usage and for hobbies. The round rope feels comfortable and light in the hand of the owner, and is very durable and reliable, thanks to its quality materials. The ropes are uniquely woven, and feature beautiful color combinations. The ends of the ropes have light and safe aluminum parts, which have been tested for endurance. There are two different models available of the rope leashes: a basic rope leash, of three different grades of strength, and a retriever rope leash in one grade. The 3M reflectors, which have been woven into the surface of the rope make for a greatly increased visibility in traffic.

The Casual product range has been designed for a demanding consumer who appreciates easy-to-use, comfortable and high-quality dog gear.

- The rope made of durable 100% Nylon
- In-woven 3M reflectors, luminous intensity 500cd/(lx.m<sup>2</sup>)
- Metal parts made of nicked steel
- Durable metal snap locks
- Corrosion resistance of the metal parts has been tested in the laboratory according to the EN ISO 9227 : 2017 (E) standard and found to fulfil the determined quality requirements (SGS).
- Tensile strength of the leash has been tested in the laboratory according to the SFS-EN ISO 13934-1 standard and found to fulfil the determined strength requirements (SGS).

## Durability

Tensile strength at least 6 times the weight of the recommended breed

## Visibility

Luminous intensity of reflectors is 400-500 lx/m<sup>2</sup>
