- ECO version surface fabric and straps are 100% recycled polyester
- Highly visible 3M reflectors
- Meets all buoyancy aids safety requirements EN ISO 12402-5:2006
- Handle durability tensile-strength tested and in accordance with standard SFS-EN-ISO 13934-1
- Lining and outer fabric certified to be safe, non-toxic and compliant with STANDARD 100 by OEKO-TEX®

## OWN THE WATER.

Water meets its match in the newest generation of our popular and protective Life Savior dog life jacket. Specially designed to allow for a dog's natural swimming motion, and provide a free range of movement in water and on land, the Life Savior is perfect for swimming, water rescue, rehabilitation, boating and hunting.

The Life Savior also protects the planet with environmentally friendly EVA foam floats that are both durable and light, adding even more comfort to the jacket's remarkable wearability. The life jacket features adjustable, well-placed straps with quick-snap buckles at the front and around the chest for a confident, snug fit. There's even a firm grab handle with leash loop for extra convenience and control of your dog in the water.

The Life Savior has a durable cover that's made of waterproof polyester Oxford 300D fabric. And the 3D PES mesh lining at the belly is breathable and dries quickly. The protective belly strap construction evenly distributes the dog's weight and keeps the vest firmly in place. And the jacket's velcro fasteners are situated where they won't rub against the dog's skin or coat.

The Life Savior life jacket's buoyancy is tested and approved by the experts at the Finnish Institute of Occupational Health who specify the safety requirements for buoyancy aids.

## Floating

Maximum buoyancy 24h

## Adjustability

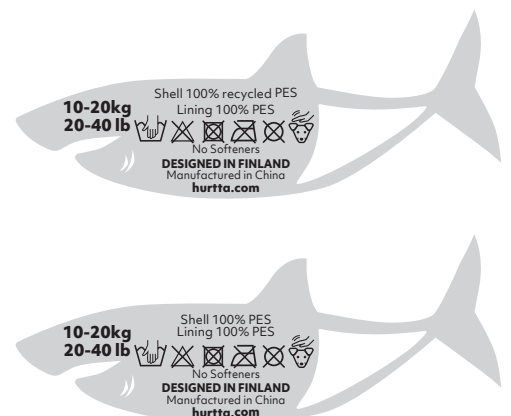

Adjustable at least 20% on chest and neckline

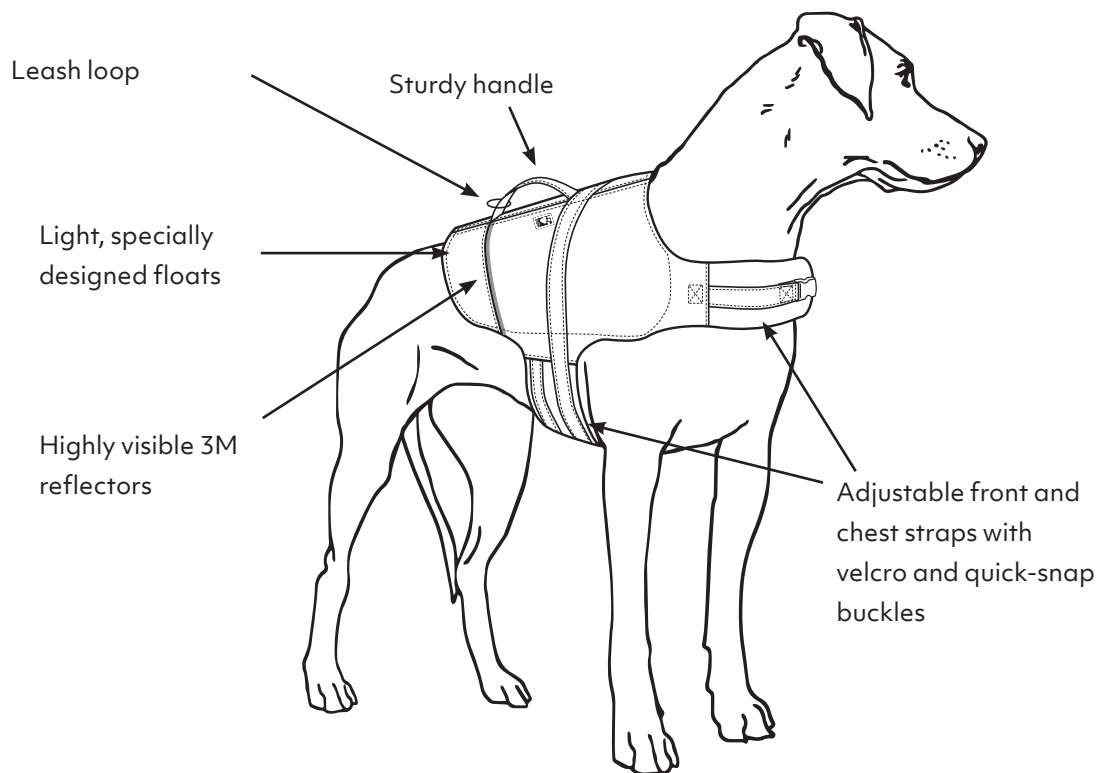

## Visibility

Luminous intensity of reflectors is 400-500 lx/m<sup>2</sup>
