

Razzle-Dazzle Nordic H-harness

A HARDWORKING HARNESS WITH EXCEPTIONAL ADJUSTABILITY FOR GROWING DOGS

Designed with growing puppies in mind, the super-adjustable Razzle-Dazzle Nordic H-harness will provide a nice, snug fit as your dog's body grows. The harness is ideal for daily walks, jogging and other activities that dogs love.

The harness is quick and easy to put on and the soft padding and straps made from 100% recycled materials provides comfort on every outing. There's also an integrated handle on the back of the harness for better control of your dog on difficult terrain or in other trying situations.

The harness allows for ample forechest adjustment and is suitable for most dog breeds. It provides a particularly good fit for more narrow-bodied dogs who tend not to find a great fit with a typical Y-harness.

The adjustability of the harness is equalled only by its long-lasting durability thanks to its strength-tested, wear-resistant materials. Luminous reflector provide great visibility for enhanced safety when walking or jogging in low-light situations.

The Razzle-Dazzle Nordic H-harness comes in 5 adjustable sizes. When selecting the suitable size for your puppy, measure the dog's chest circumference and plan for 1-2 sizes of growth for small breeds and 2-3 sizes for large breeds.

The Razzle-Dazzle product line is designed for your puppy's first outdoor explorations, adventures and socialization.

- 100% recycled 2mm PU padding combined with 70% recycled knit. (Knit: 70% recycled polyester, 20% polyester, 10% elastane)
